## MILLIONS IN DOWER

HEIRESS OF \$30,000,000 SOON TO  
BE A VISITOR TO FRIENDS  
IN GLENDALE

Glendale will soon have an opportunity of judging whether the possession of \$30,000,000 makes any difference in a young lady who has sufficient physical charm to make her desirable. Miss Catherine Barker is the daughter of the late John Barker of Michigan City. She is one of America's great heiresses, being worth \$30,000,000 in her own right. She is only 19. Her father is dead and she is under the guardianship of Mr. James B. Forgan, president of the First National Bank of Chicago.

Miss Barker will be married to H. H. Spaulding, Jr., July 31 and after a honeymoon in the West will visit her former friend, Mrs. LeRoy Bosserman, 814 S. Central avenue. Miss Barker is credited with having received more letters proposing marriage than any other woman in Chicago. She has received these offers from every state in the union and from every country in the world. She has traveled widely and has been in many out-of-the-way places in South America.

It may interest the ladies of Glendale to know that Miss Barker has her wedding gown and veil ready for the marriage and that she will wear a close tulle cap with a fillet of orange blossoms and a small veil. The dress is of white tulle, embroidered in pearls, over the softest straight lines with a tulle and satin train from the shoulders. The bride has given her bridesmaid dresses for the wedding. They are to wear peach colored satin and tulle with fine silver ornamentation. The dresses will be high waisted, short skirted and straight. Beautiful hats loaded with flowers accompany these costumes. The ceremony will take place at Harbor Point, Mich., and will be perpetuated in a moving picture.

## TROPICO

Every citizen in the Pacific avenue school district is aiding Mrs. Ella W. Richardson in improving the playground in that locality. Each evening scores of interested men assemble and with hoes and shovels remove the weeds that have proven so unsightly. Misses Gladys Manning, Olive Chandler and Marjorie Imier, Paul Richardson and Robert Dewar are employing their leisure hours in arranging the pretty and attractive posters which will soon adorn the show windows of the many business houses of Glendale announcing that the formal opening of the playground will be held, Saturday afternoon and evening, July 24.

Miss Melicent Virden, the accomplished pianist who has recently returned from a successful concert tour leaves for Ventura-by-the-sea shortly where she will contribute several musical numbers at the Chautauqua which convenes there the first of August. Other prominent personages who will appear on the program with the talented Miss Virden are Lee Emerson Bassett, Madame Ellen Beach, Margaret McKee, the whistler, Prof. Baumgartner and the famous Cavanaugh quartet of Santa Barbara. While pursuing her musical studies in Europe Miss Virden met the members of the Cavanaugh quartet who were also studying music.

Miss Addie McQuiston of Council Bluffs, Iowa, who is the guest of Mrs. Karl E. Hollingsworth of Virginia Place, accompanied Mrs. Hollingsworth on a visit to Catalina, Tuesday morning.

Mrs. Frances Scott Hardie of Detroit, Mich., is an interesting visitor who is spending the summer months as a guest of her sister, Mrs. Wm. Charles Anderson of 607 Gardena avenue.

Mrs. Glen Craig and daughter, Mary Pauline Craig arrived from their ranch home at Surrey a few days ago and are enjoying a pleasant visit as the guests of Mrs. Craig's parents, Mr. and Mrs. W. A. Hough of Laurel street.

Mrs. W. C. Anderson and daughter, Miss Jeanne Anderson of Gardena avenue accompanied by their house guest, Miss Frances Scott Hardie have returned from a pleasant outing at Venice.

Mrs. Frank I. Marsh of Central avenue left for Burbank this morning where she will spend a week or more as the guest of Mrs. David Wyckoff.

Lord Kitchener and Sir John French are said not to agree. There is difficulty in finding a channel sufficiently capacious for two such great minds.

## BRAHM VAN DEN BERG

BRILLIANT PIANIST AND COM-  
POSER TO RESIDE AGAIN  
IN GLENDALE

Brahm van den Berg, the brilliant Belgian pianist, has many friends in Glendale where he resided for some time before taking up his residence in Hollywood. It was news to many of the composer's friends that he had married and started on a new course this week. They are glad that he is likely to make Glendale his home as announced.

Brahm van den Berg is a genius of such great calibre that he cannot be gauged by any ordinary measure. He was born in Holland, but having been removed by his parents when an infant to Belgium he is usually spoken of as a Belgian. For years before he came to this country he was a noted pianist and composer. He is ranked at present by those who are acquainted with his standing on the European continent and throughout the musical world generally as greater than either Paderewski or de Pachmann.

Van den Berg has composed many works that are famous and one of his operas was recently under rehearsal in Berlin. There is nothing about Van den Berg that gives encouragement to the shallow enthusiast. A composer usually treats such individuals with sarcasm that bites. "It is your wonderful temperament that appeals to me in your playing," said one of this tribe one day.

"Temperament," said Van den Berg incisively, "if you think that you find any temperament in my playing it is yours not mine. I watch my public and when I see what it wants it is going to get it. My playing is the outcome of studying how to catch you and others like you; it is an appeal to your temperament, not the outflowing of any temperament on my part."

In that reply you have the man in a few words. Any one must see how difficult it must be to stand forever in the path of such a sirocco. The commonplace has no place there. The trite and the routine in speech and behavior cannot exist beside such originality. It is stated that when asked not long ago how he happened to settle in Los Angeles he replied, "I came here with a circus." On being asked to explain he said, "I came here with Calve as piano soloist and accompanist at her concerts. She is a wonderful woman and a great artist but people don't go to Calve concerts to hear her sing. They go to see Calve. De Pachmann is a wonderful artist but people go to see, not to hear him. He knows it. It adds to the box office receipts."

Van den Berg plays Bach, Brahms, Chopin and Liszt. He plays Bach and Brahms because he does not think they are properly appreciated. Chopin he believes to be the greatest writer for the piano of all time.

Mrs. LeRoy Bosserman, 814 S. Central avenue has been a student of Van den Berg for some time and is a great admirer of his wonderful genius. She thinks that he is, without doubt, the finest piano artist in the world. Mrs. Bosserman herself is a pianist and composer of no mean attainment and she and the other friends of the great pianist are hoping that he will fulfill his intention of settling here.

## VALLEY VIEW

Dr. W. M. Moore of 1614 Colorado street who has been away for some months recuperating his health returned home the first of the week greatly improved. He expects for the present, to engage in carpenter work at which he is an expert.

Dr. E. C. Hackett and wife who recently sold their place at 1604 Riverdale Drive will move to the state of Washington.

Arch Moore of 1651 Vine St. met with a serious accident yesterday while working at the basket factory in Tropic. His right hand was drawn against one of the saws and the fingers almost severed. He will lose none of them but it will be several weeks before he can work again.

Joe Alexander and his brother who live at 1446 Colorado street visited the San Francisco exposition last week.

## TENNIS TOURNAMENT

Entries for the tennis tournament at the Union High school will close this week. Leave names with Tom Phillips or Mr. Lehman at the High school playgrounds. Tournament games in singles and doubles will begin next week, Monday, July 19.

The average man's conscience is more elastic than his suspenders.

## LOCAL FLOATS WIN

TROPICO FLOAT WINS FIRST  
PRIZE—GLENDALE SECOND  
—BURBANK THIRD

Among the many beautifully decorated floats in the floral parade in Los Angeles this morning, none attracted greater attention than the clever production sent by the Glendale Elks. Coming, as it did, at the very forefront of the great parade, following immediately after the Glendale Municipal band which escorted the Floral queen, the handsome large float was the subject of much favorable comment.

Under the direction of Mr. Harry Coker of the Valley Supply company, his large autowagon had been transformed into a bower of floral beauty. The body of the car was completely covered with the delicate asparagus fern and in the pleasing green of that ground was embedded a solid mass of white carnations, with the cornflower, both symbolical of the Elks' colors.

In the center of the float was a huge clock the hands of which were set at the Elks' mystic hour—eleven o'clock. This clock was decked out in the same floral scheme and was set on a base of purple asters. A huge Elks' head with magnificent horns looked out from the back of the float. The ladies who occupied seats on the float were Mrs. W. E. Evans, Mrs. Warren Roberts and Mrs. LeRoy Bosserman. The car was driven by Mr. Drewyor of the Valley Supply company.

The float was followed by an auto containing the following members of the Glendale Chamber of Commerce in white parade uniform with purple ties, purple sashes, purple gloves and white hats with purple bands: J. W. Usilton, J. B. Bloor, Harry Coker, J. A. Pirtle and R. J. Kennedy.

Following the Chamber of Commerce car was that of the Glendale Elks driven by C. O. Pulliam. Those in the car were Frank Booth, Stephen C. Packer, Archie M. Parker, F. J. Showalter and the Rev. C. Irving Mills. All along the course of the parade the Glendale contingent received an ovation.

It is quite a feather in the caps of the local Elks lodges that their floats should have come out ahead in the competition parade this morning in Los Angeles. Tropic lodge had a float representing bungalow life in California. A big bungalow on a float showed a number of pretty maidens enjoying themselves. The float was connected with four nicely decorated autos, which preceded it and apparently drew it along by purple streamers. The originality and beauty of this idea struck the judges and they awarded the first prize to it—\$250.

Glendale lodge won the second prize, \$200, with the beautiful floral clock float described in another column. This charming production ran the Tropic a close second and it is believed nothing except the shade of originality in Tropic's creation divided the two.

Burbank lodge won the third prize, \$100 with a very beautiful float representing "The Good, Old Summer Time."

There is great rejoicing among the Elks of the valley at this sweeping triumph. The Glendale float will be entered in the Elks' parade tomorrow and will be followed by the Glendale band; the Elks drill team in uniform and the members of the Glendale lodge in their lodge regalia and a number of brethren in ordinary dress. The whole contingent will number about 500 and will be one of the strongest in the parade.

There are hopes that the Glendale float may win a prize in the competition tomorrow. It is a real lodge production and stands a good chance on account of its beauty.

## BANK ACCOUNT 24 CENTS

In supplementary proceeding today before Judge Whomes E. G. Keen sued Albert G. Hesse for the amount given him by a former judgment—\$190.50, the original sum; \$71.52 interest, \$19.05, attorney's fees; and \$11.75 costs. In the course of examination Hesse admitted that he had an account with one of the banks of Glendale. On examination it was found that the bank account amounted to 24 cents.

## NOT THE REAL "ROSARY"

Attracted by the announcement that a striking moving picture of "The Rosary" would be shown at Clune's auditorium, this week a number of Glendale people went into town to see it. They discovered that while an interesting picture was shown it was not founded as they had supposed on Florence Barclay's famous and moving story, "The Rosary." They are anxious that others may not fall into the same error.

## TRUSTEES MEETING

MUCH NEEDED IMPROVEMENTS  
ON GLENDALE AVENUE  
ARE DISCUSSED

The regular weekly meeting of the board of trustees of the city of Glendale was held in the city hall Monday evening, July 12, 1915. Present: O. A. Lane, president of the board, and Trustees Charles Grist, Jos. S. Thompson, A. W. Tower and George Williams.

Also present: T. W. Watson, city manager; J. C. Sherer, city clerk; W. E. Evans, city attorney; H. B. Lynch, manager public service department, and Edward M. Lynch, city engineer.

In a communication J. M. Hunter made application for a permit to install a gasoline supply station at the southeast corner of Central avenue and Broadway. On motion the permit was granted.

The application of Earl M. White of West Fifth street to sell milk in Glendale was taken up for consideration and on motion Mr. White was granted a permit to sell milk under the Glendale dairy ordinance.

The city manager reported that the Salt Lake officials had visited Glendale to inspect that portion of Glendale avenue on their right-of-way upon which street improvements are being planned. The opening of Glendale avenue through to Verdugo road will require considerable street improving to be done. The question arose as which plan is the preferable to make the improvement by a straight frontage assessment or by a district assessment. Also the question arose to the kind of street improvement that should be put in. The prevailing opinion seemed to be that the improvement should cost about ten cents per square foot for the macadam. In this connection the question of inferior street work came up for consideration and as examples of poor street work, Colorado street and Verdugo road within the city limits were pointed to as examples. It seemed the blame for the inferior work on these streets was placed on the inspector, who is said to have been a man of little experience in street building. Now the inspection is left in the hands of the city engineer, so it is assumed such an error will not occur again.

The principal property owners along the line of the proposed improvement are Judge Ross, the Thom estate and the Salt Lake R. R. Co. and upon them will fall the bulk of the expense. That the improvement is needed is very evident to everyone who is familiar with the present conditions. The travel from the north on Verdugo Road has no direct entrance by way of a good road to Glendale.

The merchants' license ordinance was on the program for consideration but it was the opinion of a majority of the members of the board that its consideration should not come up at this time. The city clerk said that many inquiries are being made by peddlers concerning the paying of licenses, and according to instructions of the Board he is unable to give them the information that they desire.

It was suggested that the clerk collect license charges under the old ordinance until objectionable points in the license ordinance adopted several months ago are settled.

H. B. Lynch, manager of the Public Service department recommended that water be furnished for irrigation purposes at the rate of 5 cents per 100 cubic feet. The present rate paid by water consumers is \$1 for the first 1000 feet and six cents per 100 feet for all additional water used.

A motion prevailed that a five cent rate per hundred feet be given to all water users for water used in excess of 1000 feet which charge is as formerly \$1 per hundred feet. Mr. Lynch stated to the Board that his intention is to eventually give a much lower rate than the present one. Mr. Lynch also stated to the Board that the water supply is abundant but on account of small pipes all parts of the city do not get the good service that will be given after the new pipe lines have been installed.

A resolution was read and adopted ordering the improvement of Canada boulevard. It is published in full elsewhere in this issue.

Petition signed by J. A. Cole and others asking that Brand Boulevard be improved from Second street north to the city limits was read and referred to the city engineer. A petition was also read, signed by J. A. Cole and others, asking that boulevard lights be installed on Brand boulevard from First street north to the city limits. This petition was referred to the manager of the public service department.

The Manager of the Public Service Department broached the question

## ONE MORE DAY

GREAT EXTRA VOTE OFFER  
CLOSES THURSDAY NIGHT—  
MAKE FINAL EFFORT

Just another day left to solicit clubs of new subscriptions on the great extra vote offer. One more club of six new subscribers between now and eight o'clock Thursday (tomorrow) evening, will mean 50,000 extra votes, in addition to the regular vote.

The contest may be so close that a difference of 50,000 votes will win or lose the first prize, the \$850.00 Maxwell auto.

Be sure and thoroughly comb your territory tomorrow for new subscriptions.—as every one counts for additional votes.

## Getting Second Payments or

### Extended Subscriptions

Remember about the advantage of getting second payments on subscriptions. If you have received a three months' subscription from a friend, have it increased to six months. If you have procured a six months' subscription, have it extended to a year. The subscription, etc. The first prize, the \$850 Maxwell auto, fully equipped, purchased of the King-Maxwell agency, has not yet been won. Neither has the \$400 Schiller piano, purchased of the Platt Music company of Los Angeles, the trip to the exposition, the \$75 scholarships to the Isaacs-Woodbury Business college, the \$50 certificate at the First National bank of Glendale, or any of the prizes. Your chance is still unexcelled. By putting forth the proper efforts you can be successful, and your work counts for most the next three days. Make them count.

## SHAKESPEARE CLASS

In spite of the various counter attractions of the parade in Los Angeles and other entertainments, the Shakespeare class taught by Mrs. Coral H. Sloan had the largest attendance it has ever recorded. Not a seat was vacant and the large audience which thronged the rooms of Mrs. Sloan's residence on Myrtle avenue listened with profound attention and appreciation to the dramatic reading of the gifted teacher. The second act of Hamlet was read. These readings will be continued and when the play has been finished Mrs. Sloan and eight of her pupils will give an entertainment in the Union high school which will consist of many Shakespeare numbers.

## GENUINE HUSTLE

The men and women who were in charge of the preparation of the municipal float that won second prize in the floral parade Wednesday have shown ability as planners and hustlers. The design of the float is evidence that some one has done very careful thinking, and the work that was done in decorating and putting the finishing touches on the frame work represented artistic and hard work on the part of those in charge. The city appropriated \$150 to be used in the construction of the float that won a \$200 prize. The ladies and gentlemen who did the planning and the work deserve the credit.

A few people stand back and tell how things should be done, and then criticize those who are doing the work but those who worked so hard in building a successful float for this parade are people who take off their hats and coats and get busy with brain and hands,—they belong to the class of thinking workers and do not belong to the class of criticizing idlers. Glendale is in need of more such hustlers.

There was represented in the float as has been described elsewhere a design that attracted the attention of thinking people and it was an excellent advertisement for Glendale.

## TOURISTS EVERY DAY

Tourists are passing through Glendale every day. They are making inquiries about prices of property and rent rates. At present there is a family looking for a large house to rent. Who has something suitable? He will make a desirable tenant.

as to whether the city of Glendale should in the future depend entirely upon the pressure of its water supply by gravity for fire protection, or whether the Board thought it preferable eventually to secure a steamer or pumping apparatus for fire protection. It was his opinion that even if the water pressure by natural flow be ever so satisfactory for all domestic purposes, it would be necessary to have pumping apparatus in case of fire at all events. The Board fully concurred in his opinion.

## GALAXY OF CULTURE

MRS. PERCE H. CURTIS TO EN-  
TERTAIN LARGE PARTY OF  
FRIENDS FROM BOSTON

Like iron sharpening iron will be the encounter of wits and the exchange of knowledge that will sparkle and coruscate round the center of South Central avenue when Boston will send the elite of her literary and social set to visit Mrs. Perce H. Curtis. Among the well-known authors who will be in the party are Mrs. Sarah Pomeroy Rugg, who has written many books and magazine articles. Mrs. Rugg is a contributor to The Century magazine. She is also editor of the largest woman's fraternity magazine "The Arrow," the organ of the Pi Beta Phi sorority or fraternity as they call it in the East. She has also written a series of articles that have created great interest, "Christmas Customs in Various Lands," and also a book or series of sketches "Little-Known Sisters of Well-Known Men." Mrs. Rugg's husband who accompanies her is an amateur photographer of note, Frank Augustus Rugg. He has been making a series of photos of the Yosemite valley during the past few weeks.

Another visitor of mark among the members of this interesting house party is Mrs. David D. Nickerson, wife of the famous Boston publisher. Mrs. Nickerson is well-known as an editor of many volumes. The others of the party are more or less known to fame and culture. All of them are members of famous old Boston families. Some of the others are Miss Jenny Allyn, Helen Barrett, Emily Gordon, Emily Bacon, Louise Richardson, Gertrude Jackson and Amy Wallen. Those who are acquainted with the aristocracy of the East will have no difficulty in recognizing the "blue blood" in those names.

## NORTH GLENDALE

Mrs. Jared Wenger of 819 Campbell street is entertaining as her house guest, Mr. Wenger's sister, Miss Elise Wenger of Los Angeles.

Mr. Frank Winslow and family who for the past year have occupied a residence at 1629 Ruth street have moved to Long Beach where they will remain permanently.

Mr. and Mrs. DeWitt L. Moon of the Dick apartments, Los Angeles with a party of friends motored to North Glendale Tuesday where Mr. Moon has extensive property interests.

Mrs. M. C. Scott of 1533 Burchett street is spending a few days in Los Angeles where she is the guest of friends.

Mrs. J. E. Eckles of 920 North Central avenue entertained as her guests at a prettily appointed luncheon last Monday, Mrs. Jennie Sharp of West First street, Los Angeles and Mrs. Sharp's cousin, Mrs. Ringo of San Diego, Cal.

Mr. and Mrs. L. H. Wadsworth of 1017 Fairview avenue entertained as their guests during the first of the week, their nephew and friend, Mr. Paul Price and Mr. Emmett Davis of the Trinity hotel, Los Angeles.

## CHICKEN CASE ADJOURNED

When the case against Lena Schwartz and Sam Baker, who, it was alleged, had been guilty of selling chickens, and representing them to weigh more than they did, was called this morning in Judge Whomes' court, the accused were on hand with their attorney E. V. Rosonkranz of Los Angeles, but the deputy district attorney who was expected to be present to prosecute did not put in an appearance and the case was adjourned till Saturday at 9 a. m.

## A NEW FRUIT AND VEGETABLE STORE FOR GLENDALE

Mr. and Mrs. A. P. Offutt will open a fruit and vegetable store at 1108 W. Broadway in half the room occupied by Ed's Cash Market, Friday, July 16th. A well selected display of choice fruits and vegetables will be in stock daily. It will be remembered that Mr. and Mrs. Offutt conducted a fruit and vegetable store a year ago, and were very successful, but discontinued the business on account of Mr. Offutt's ill health, and without doubt he and his wife will again make a success of the vegetable and fruit business.

## ROBBINETTE ENTERTAINED

The Robinette club was entertained yesterday afternoon at the home of Mrs. Duane Perley Snow, 817 Lomita avenue. The special guest of the afternoon was Miss Lucile Parker who is home from Mills college for the summer months.

#### A MAGNANIMOUS DOCTOR

When the baby came to Mary's home she was told that the doctor brought it. She thought he kept an unlimited supply. Mary had been taught that politeness was one of the greatest charms a person could possess.

One day the doctor called and said: "Mary, we have a new baby at our house. Would you like to go with me to see it?"

Mary was delighted. The baby was very tiny, weighing only three and a half pounds. When Mary saw this frail bit of humanity she turned her face up to the doctor and said:

"I think you are very polite to take the smallest for yourself."
